

## EU REACH Regulation Statement

November 2021

Gallium Semiconductor is committed to compliance with the EU REACH Regulation (EC/1907/2006), on the registration, evaluation, authorization and restriction of chemicals. Gallium Semiconductor has evaluated its products and shipping materials and determined that none contain any of the two hundred and nineteen (219) currently identified substances of very high concern (SVHC) in excess of the 0.1% by weight threshold as published on January 15, 2019 and newly added materials as published on July 8 2021.

Gallium Semiconductor will continue to monitor any new amendments to 1907/2006/EC and will perform due diligence by obtaining necessary evidence from its supply chain regarding compliance of its component products and shipping materials.

The information on Gallium Semiconductor products in this statement is based upon information provided by the suppliers used by Gallium Semiconductor to manufacture these products. As such, Gallium Semiconductor makes no independent representations or warranties, expressed or implied, and assumes no liability in connection with the use of this information.
